

Formula 4 at the Paris Motor Show 2016

The life of Formula 4 - October 2016

Picture: Mygale Formula 4 at the Paris Motor Show 2016

From 1st to 16th of October at the Paris Motor Show, you may have come across the **Mygale Formula 4**.

The Formula 4 was exhibited alongside NOAO, the electric race car made in Magny-Cours, on the stand of ISAT (The Institute of Automotive and Transport Engineering): an occasion to find out more about this racing car and why it was built, to fill the step after karting and as a springboard to Formula 1. In addition and for the second time, after the FIA Motorex Exhibition in Turin last June, the public saw it in its new colours, orange and black.

You can also see the **Mygale F4** from November Tuesday 1st to Sunday 13th at the International Fair of Dijon (France) on the "Région Bourgogne Franche-Comté" stand.
