2014 successfully ended for **Mygale** with the signature of 5 contracts to manufacture **Formula 4 FIA** single seater cars and to supply these into the new 2015 national championships of: Australia, China, United Kingdom, Spain and Mexico / Del Pacifico.

The official launch in each of these countries led to numerous orders for **Mygale**. Exceptional situation never attained in 25 years for the manufacturer of Magny-Cours.

**28 cars** for China, **36 cars** for UK: all have been assembled and **100%** of single seater cars have been delivered to date.

**20 cars** for Australia are being assembled and will be delivered within the end of March. Next step Mexico, with **5 cars** to prepare in the coming weeks.

Concerning the Spanish championship, it has been delayed at the organizational level and will begin in 2016. Orders have already been registered.

More than **45 people** are relentlessly working in all the production services: fabrication, composite, machining and assembly in order to deliver customers in time. A real challenge which so far we have achieved.
