

## XC CROSS CAR: Initial testing

### Whats happening in XC Cross Car - March 2019

The **MYGALE** team carried out the first tests of the prototype XC Cross Car - Powered by Yamaha.

In the program:

- shakedown and development at Magny-Cours in preparation for gravel surface test sessions,
- finalization of the car's specification for series production and use in one-make markets in 2019, pending an optimised version for the FIA 2020 European Championship.
